TUBERS FOR 1952 DELIVERY

A GENERAL VIEW OF OUR FARM

To Our Customers:

To insure your satisfaction and that of your customers we take pride in selecting only choice tubers for your order. Each tuber is individually inspected just prior to shipping and is carefully packed to insure satisfactory delivery.

GUARANTEE

We guarantee our dahlia tubers to be true to name and of highest quality. If stock is not completely satisfactory when received, return same at once and your money will be promptly refunded. We want you to be completely satisfied and if for some reason you do have a complaint please advise us within 10 days of receipt of shipment.

OUR FARM

We are located 20 miles southeast of Portland on Mt. Hood highway No. 50. Visitors are always welcome to inspect our plantings and handling facilities. Blooming time from mid-August to late October.

STORAGE

Our dahlia clumps are washed clean and separated at digging time. Ventilated storage is held a near constant 50 degrees F. Fungicides are used to control damaging molds.

CULTURE

Culture varies with locality but a few things are constant in all areas. Plant dahlia tubers about 5 inches deep and horizontal in area of near full sunlight. Water heavily at planting time and thereafter as needed for optimum growth. Pinching the top terminal shoot from dahlia plant after four sets of leaves have developed will cause branching and development of more and better quality blooms without staking.

WHEN ORDER ARRIVES

If freezing weather prevails along the shipping route it is a good idea to check your shipment at once for frost damage. If damage is evident contact your carrier agency at once and advise us of their decision. Present your invoice and carrier bill of lading to them for any claims. We ship by insured carriers and any claims for damage en route must be submitted to them. Store your dahlias in a cool dry place that has good ventilation. It is important to keep the tubers stored in their shipping medium or similar material to eliminate shriveling. When displaying the tubers for sale, display only a moderate number and keep the main supply covered. Do not display dahlias in sunlight or near a heating unit.

TERMS AND CONDITIONS OF SALE

Prices are all F.O.B. Portland, Oregon. New accounts please send cash with order. Net thirty days. No charge for packing materials or shipping containers. We ship via Express or Auto Freight unless otherwise instructed. If delivery by parcel post is desired please include sufficient postage with your remittance. Excess postage will be refunded.
